ACKNOWLEDGEMENT

We express our sincere gratitude to the Principal, Dr. Jyoti Sinha of Govt. R.M.D. Girls P.G. College, Ambikapur, Surguja, C.G., for awarding us the assignment of Energy Audit of their college premises.

We are also thankful to various Head of Departments & other Staff members for helping us during the field measurements.

We hope that the recommendations stated in this report will be useful and worthy of discussions to take things forward to help implementation of energy conservation measures through energy savings. While we have made every attempt to adhere to high quality standards, in both data collection and analysis through the report, we would welcome your suggestions so as to improve upon this report further.

PREFACE

Data collection for energy audit of the Government Rajmohini Devi Girls Post Graduate College, Ambikapur, Campus was conceded by team for the period of 1 July 2020 to 30 June 2021. This audit was over sighted to inquire about convenience to progress the energy competence of the campus. To drop of energy utilization whilst cultivate or humanizing comfort, health and safety were of prime anxiety. This audit required to recognize the mainly energy proficient appliances. Besides, several each day processes concerning common appliances have been provided which facilitate sinking the energy expenditure. All data collected from each classroom, laboratory, every room. The work is completed by considering, how much tubes, fan, A.Cs, electronic instruments, etc in each room. How much was participation of each component in total electricity consumption.

Energy Audit Report of Govt. R.M.D. Girls P.G. College, Ambikapur, Surguja, C.G.

Introduction:

Govt. R.M.D. Girls P.G. College is located in Ambikapur, Surguja, C.G. The College is running with B.Sc. Biology, Mathematics, & Home science, B.A. 3 year's degree program and newly 3 year degree course of B. Com. Added, in which central unified syllabus of U.G.C. has been followed. Under B.A. program the course are foundation course which include basics of English language, Hindi language & Environmental studies, under course of environmental studies, all graduate level student in the first year do project work. Topics related to environmental awareness are given by the concerning faculty. Other courses in B.A. arts program are Hindi literature, History, Sociology, Political science, Economics, Home science. The College has today become one of the premier institutions of the town. The energy audit of Govt. R.M.D. Girls P.G. College, Ambikapur is conducted as per CSPDCL guidelines.

Objectives

1. To study present level of Energy Consumption
2. To Study Electrical Consumption
3. To assess the various equipment/facilities from Energy efficiency aspect
4. To study various measures to reduce the Energy Consumption

Audit Methodology:

1. Study of connected load
2. Study of various Electrical parameters
3. To prepare the Report

By observing all the study lack of electricity and huge electricity demands. It is necessary to plan to be self-sufficient in electricity requirement. In the present study, college electricity audit has been done. In this study considered practical laboratory, instrument, Fans, air conditioners, Computers etc are considered in this study. We have studied total saving of electricity and money through energy efficient equipments. Also, it is studied that exact contribution of bulb, fans, computer, instruments etc in the total requirement of electricity. We studied all these mentioned things by collecting exactly data form survey.

Electricity Supply in College Campus

Conclusion:

In conclusion, data generated in energy audit are useful for to understand the energy distribution and utilization of college. The college needs an average 1209.41Units/month.

Suggestion & Recommendation:

1. Replace all CFL Tube light using LED Bulb, to save more power.
2. Replace CRT monitor using LED or LCD monitor.
3. Separate connection of office, Computer Lab and classroom.

Results and Discussion:

As far concerning the energy audit, electricity audit is main concern regarding educational institution. We have collected data by considering the tube light, fan, computer, printer, A.C and instruments. The total required energy is **2258.263KW**. Energy Consumption through all devices is **1209.41 Unit /Month**.

License No.

ENERGY INSPECTION SURVEY & AUDIT REPORT

An inspection survey and an analysis of energy flows for energy conservation are being conducted on **Government Rajmohini Devi Girls Post Graduate College, Ambikapur, Surguja, Chhattisgarh**. The college campus has single source of energy. There is no any renewable source of energy found i.e. Solar, Wind power etc. The required load of college building premises is dependent on non-renewable source of power supply provided by Chhattisgarh State Power Distribution Company Limited (CSPDCL). Solar power system might be notable for energy conservation of the Campus. The Solar Energy would be supporting source of power supply during sunny days and enhance the energy conservation. It may also lower the cost of energy used by college campus.

Energy consumption as per actual service load year 2020-21.

As far concerning the energy audit, electricity audit is main concern regarding educational institution. We have collected data by considering the tube light, fan, computer, printer, A.C and instruments. The total required energy is **2258.263KW**. Energy Consumption through all devices is **1209.41 Unit /Month**. This energy audit report is made by reconciling all the electricity bills of the college for the year 2020-21.

Note: Details report is enclosed in separate sheet. Amount for energy consumption is taken as per energy rate of CSPDCL.

Green Audit Report

SESSION 2020-21

शासकीय राजमोहिनी देवी कन्या स्नातकोत्तर महाविद्यालय अम्बिकापुर(छ.ग)

CERTIFICATE

This is certified that Govt. Rajmohini Devi Girl's P.G. College Ambikapur, Dist-Surguja has conducted detailed Environmental green Audit of their campus session 2020-21 and has submitted necessary data and credentials for strutting. The activities and measures carried out by the college have been verified based on the report submitted and was found to be satisfactory, the efforts taken by the faculty and students towards Environment and sustainability is highly appreciated and commendable.
