Office : 07774-235266 Mail ID: gpgcollege.ambikapur@rediffmail.com, website: <http://rmdgirlspgcollege.ac.in>

### 7.3.1: Portray the performance of the Institution in one area distinctive to its priority and thrust:

The college is situated in a tribal belt of chhattisgarh where most of the students come from rural background. Most of them are unaware of the use of technology. Our college, using the opportunity in distress, arranged online classes during COVID-19 pandemic. It caused an increasing demand for online academic classes, which led to the demand for effective online exams with regards to limitations on time and resources. Consequently, holding online exams with sufficient reliability and effectiveness became one of the most critical and challenging subjects in higher education. Therefore, it became essential to have a preventive algorithm to allocate time and financial resources effectively. Our institution performed extraordinarily by conducting online classes and online exams in stipulated time.

Online classes rapidly became one of the most effective ways to impart education during pandemic. The impact of the virus was so strong that online education became a seemingly ubiquitous part of our growing world, which was necessary for maintaining social distance. Therefore, our institution moved to online mode to resume their studies. Our college facilitated students with e-learning, as teaching was undertaken remotely on digital platforms instead of physical classrooms. By using online classes and technology, our institution emerged as a superhero during the lockdown days. We had all been under house arrest but were still connected with the world of education. Due to the lockdown, students had not been able to stay connected with the outer world and the lack of exposure is evident. The only reprieve for the student's mental well-being had been the transition to online classes. Teachers made sure that the learning for students was not compromised, so they took a great leap forward to find solutions and created new learning environments for their students to ensure that learning never stops. With little time to prepare, curriculums were modified, new lesson plans were created, activities were planned, all so that their students remain actively involved through online learning.

For students, online classes had become an imminent trend in the education sector. Digital learning has provided easy access to the files and folders that can now be organized and saved without any physical damage. With one click, students can access their notes and assignments without the fear of misplacing or spoiling them. With advanced technology, this mode of learning has not only been simpler but fun and engaging as well. It became very convenient for the students to attend classes from anywhere in the world as both classes and learning content was easily accessible at home. Integration of the learning platforms with new-age interactive applications has made online classes more convenient for both students and teachers as more students are able to express their views at the same time using certain online applications. Students have been more particular with their online submission as they are notified on a regular basis and it is an effortless task for the teachers to track down the students who have failed to submit their assignments on time. Online learning has helped students to become independent learners before they make their way into the real world. Students got opportunities to explore new learning applications and platforms during the class, which helped them to develop new skills and capabilities accelerating their growth trajectory.

Girl's P.G. College Ambikapur  
Distt.- Surguja (C.G.)

Some of the students have been responding well to the active learning environment created online by the teachers whereas others need a push in fits and starts.

Apart from making students aware of the online mode of education, the main aim of the college is to make the students an ideal and knowledgeable citizen through value added and quality education. The college has a large campus with 15.54 acres of land. This girl's college is the leading college of Ambikapur district. The college runs six UG, nine PG, and one P.G Diploma courses. Hindi, Sociology, and Political science departments are recognized as Research Center of the university. The college creates necessary infrastructure systematically and continuously with the needs of future vision as per the requirements. The college has an adequate number of classrooms, staff rooms, girl's common rooms, separate students and staff toilets, drinking water, conference hall, smart class rooms, library, reading room. The college has special facilities like Day care child room, Student help desk, First-Aid, Divyangjan suitable pathways, toilets, wheelchair, and sanitary pad distribution for girls in the campus. To cater to excellent academic needs for the budding scholars and researchers, the college gives priority in providing better infrastructural facilities with well-equipped laboratories, departmental library, departmental reading room facilities. The college has various laboratories for UG and PG students in different subjects like 01 Physics, 02 Chemistry, 01 Botany, 01 Zoology and 01 Computer science laboratories. For the all-round development of the students, the college has indoor and outdoor sports facilities, and sports ground. There are nineteen permanent faculty members and 11 among them are Ph.D. degree holders. To achieve the overall development of students the college also organize co curricular activities along with academic activities. Teachers give his/her maximum effort to solve all queries of the students and also provide their personal notes, books and as mentors help their mentee for the overall development of the students and even help economically weaker students by paying the admission fees and help them enrich their resources. The college library is fully automated which uses an integrated library Management System Known as Koha library Software. N-list subscription, e-books, Inlibnet, e-Pathshala and 300 Mbps Isol Net broadband internet connection are available for the students and staff. Many of the students belong to the labor class family and farmer's family as well. That's why the motto of the college is to provide quality education by mobilizing the available resources so that the students are able to get employment. Students also avail the facilities like ICT tools, Career guidance and Placement cell, Women Harassment cell, Anti-ragging cell, National service scheme (NSS), extra classes for slow learners and several skill Development programmes.
