

**2.6.2: Attainment of programme outcomes and course outcomes are evaluated by the institution.**

The government Rajmohini Devi girl's P.G College runs 6 U.G and 9 P.G programs. Programme and Course outcome, offered by the institution is also uploaded in the college website. The college has designed the teaching, learning and assessment strategies in such a way so as to give enough weightage to each of the specific learning outcomes. Provision of a favourable learning environment, proper implication of curriculum and effective evaluation system ensures the attainment of the specified learning outcomes. The college collects data on students' learning outcomes in different ways mentioned below:-

- Comprehensive student feedback in prescribed format.
- Seminar presentations and classroom group discussions.
- Surprise tests.
- Continuous tests.
- University examination results.
- Involvement in curricular and extracurricular activities.
- Performance in practical classes and field trips.
- Involvement in completing UG & PG assignments.
- Paper presentations of PG students.
- Paper presentation of research scholars in national seminars.

The examination results and feedback reports are analysed by the IQAC and steps for improvement are planned accordingly. The Department of Sports keenly observes the performance of students in sports. Performance of students in extracurricular activities is observed by the College Student Union and the teachers in-charge of various clubs. IQAC and Staff council both discuss the findings of the feedback of stakeholders and accordingly prepare a plan of action for subsequent years.

Since the first year of college, the academic journey of the students is started through principal address, induction program, expert lectures and classroom interactions. In order to focus on the outcomes, the students are categorised as slow, average and advanced learners on the basis of their entry level marks. The online feedback of students, parents, teachers and alumni assists the college to evaluate whether the students have properly perceived the content of the curriculum. Ultimately, the program outcomes and course outcomes are evaluated on the basis of the final year result of the examination. The annual, CCA and semester examination is the benchmark which helps the college to analyse the program and course outcomes effectively. The Programme and Course outcome, offered by the institution is given subject wise with other details
