

7.1.3

1. SOLID WASTE COLLECTION

Solid waste collection points are distributed at the multiple corners of the campus. With the cooperation of Ambikapur nagar nigam total solid waste are collected, recycled and disposed off.

REDUCE AND REUSE STRATEGIES

These are the very effective strategies implemented with full support of the students. The non-renewable energy is reduced to a minimum with rationalization of the staff and students. The plastic wastes reduced considerably with plastic ban. The single use items are discouraged for all functions and steel plates and Timplers are used in the campus. The Note book reuse is encouraged. Dust bin is distributed with Green Clean campus awareness.
